#### Your comments and suggestions are helpful in improving this course.

(ECO 1001) The professor Sun, was very prepared and well organized. I really enjoy learning from her.

(ECO 1001) It would have been better if the attendance requirement was clearly stated in the syllabus.

(ECO 1001) I have no comments or suggestions for improvement.

(ECO 1001) I suggest giving students the ability to view the exams they've taken in the class so that they can study better for the midterms and final. I wish you gave more problems related to the questions we had/expect to have on the exams to better prepare for future examinations.

(ECO 1001) I wish the assignments on MindTap were more similar to the exams. Both were difficult in their own ways, but they were incongruent. Other than this, I would say Professor Sun was very helpful and wanted us to perform as best as possible.

(ECO 1001) She is a patient professor who is willing to spend more time outside of class for students to ask questions.
